CANADIAN FORCES OVERSEAS SCHOOLS ORDER

1. This order may be cited as the "Canadian Forces Overseas Schools Order".
2. In this Order:
 - "children" means children of members of the Canadian Forces serving outside Canada or of civilians accompanying such Forces;
 - "educational facilities" means accommodation, tuition, equipment and instructional supplies and materials of Canadian standards for the education of kindergarten, elementary and secondary pupils and includes facilities to provide for special training and school activities offered and carried out in Canadian schools such as, but not limited to, classes in instrumental music, industrial arts, home economics, commercial and other vocational subjects, and sports activities;

4. WHEREAS the Minister of Transport reports as follows:

That by Order in Council P.C. 1974-115 of 15th January, 1974, authority was obtained for the Canadian National Railways to enter into a lease with Mr. Gerard Marceau, covering certain railway lands at Hearst, Ontario, in accordance with certain terms and conditions, which were more particularly set out in the said Order, including a time for completion of a motel on the land by Mr. Marceau by November 1, 1974;

That the Canadian National Railways has now advised that prior to the commencement of construction of the motel, Mr. Marceau decided to enlarge his complex by including a licenced dining room, and this necessitated his filing an application with the Liquor Licence Board of Ontario for approval and a revision of his construction drawings; and

That all required plans and permits have now been obtained by Mr. Marceau and he proposes to commence construction this Spring. As a result he is requesting an extension to April 30, 1976 to allow him time to complete the motel complex. The proposed alterations to the development has increased the estimated cost from \$225,000 to \$500,000 for the structure.

- 2 -

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL, on the recommendation of the Minister of Transport,
is pleased hereby to amend Order in Council P.C. 1974-115
of 15th January, 1974 as follows:

- (a) by deleting the third paragraph thereof and
substituting therefor:

"That Mr. Marceau must before April 30, 1976,
complete the motel at an estimated cost of
\$500,000;" and

- (b) by deleting from the fifth paragraph thereof
the figure "\$225,000" and substituting therefor
the figure "\$500,000".

WHEREAS the Minister of Transport reports as follows:

That by Order in Council P.C. 1959-204 of 19th February, 1959, the management and operation of the Lachine Canal was entrusted to The St. Lawrence Seaway Authority, as well as the control and administration of the lands forming part of the said Canal;

That letters patent issued on November 26, 1968 (Film 229 Document 211), in favour of The Ogilvie Flour Mills Company, Limited, as approved by Order in Council P.C. 1968-74/710 of 17th April, 1968, granted to the said Company two parcels of Lachine Canal reserve land situate in St. Anne Ward of the City of Montreal, Province of Quebec, described more completely in the said letters patent;

That The Ogilvie Flour Mills Company, Limited has not yet accepted the above described letters patent and has been requesting inclusion of a warranty against eviction, although this was not anticipated in the approved settlement with the Company whereby it relinquished a claim to perpetual water rights on the Lachine Canal in return for the said grant and \$10,000;

That meanwhile, on May 30, 1973, the Company brought an action against The St. Lawrence Seaway Authority and the National Harbours Board before the Superior Court of the Judicial District of Montreal, claiming jointly and severally from them the sum of \$110,350 dollars, representing alleged damages to the Company following the construction of a section of the "Autoroute Bonaventure" encroaching upon the land previously rented from The St. Lawrence Seaway Authority and which is the subject of the said letters patent;

- 2 -

That negotiations have taken place between the lawyers of the Department of Justice, of The St. Lawrence Seaway Authority and of the National Harbours Board, and the attorneys representing The Ogilvie Flour Mills Company, Limited, and it was finally agreed, subject to the approval of the Governor General in Council, that:

1. An agreement, separate from the letters patent, by which The St. Lawrence Seaway Authority would concede to the Company a warranty against eviction from the granted lands as stipulated in article 1508 of the Civil Code of the Province of Quebec;

2. The Ogilvie Flour Mills Company, Limited would withdraw its action brought before the Superior Court of the District of Montreal against the two Crown Corporations, which are The St. Lawrence Seaway Authority and the National Harbours Board; and

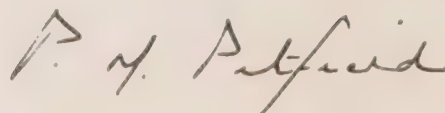

That The St. Lawrence Seaway Authority has consulted the Department of Justice regarding the warranty against eviction from the granted lands, and the Department, in the circumstances, has thought it better and in the interest of all parties to concede the warranty against eviction, which warranty would form the subject of a written agreement separate from the letters patent hereabove mentioned.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Transport, pursuant to section 14 of The St. Lawrence Seaway Authority Act, is pleased hereby to permit The St. Lawrence Seaway Authority to concede to The Ogilvie Flour Mills Company, Limited, by means of a document separate from the letters patent issued on November 26, 1968, a warranty against eviction from the lands thereby granted to the said Company, as set out in the annexed appendix.

SCHEDULE

The proposed supplemental Agreement between Her Majesty the Queen in right of Canada (hereinafter called Canada) and the Province of Quebec (hereinafter called Quebec or the Province) will be translated into the French language and will amend the Agreement dated 21st April, 1974, and authorized by P.C. 1974-3/663 by deleting therefrom paragraphs 2 and 4 of the Preamble and Articles 3 and 15 and substituting therefor the following paragraphs 2 and 4 and Articles 3 and 15:

Preamble-Paragraph 2

"AND WHEREAS the new bridge, when completed, will serve highway traffic over and across the Chambly Canal formerly served by the Chambly Swing Bridge No. 2 and Quebec has agreed that, upon completion of the new bridge, Quebec will assume all liability to operate, maintain and replace, where necessary, the new bridge for public highway traffic upon payment by Canada to Quebec, in the manner hereinafter set forth, of the sum of SIX HUNDRED AND FIFTY THOUSAND DOLLARS (\$650,000)."

Preamble-Paragraph 4

"AND WHEREAS Canada has agreed to grant to Quebec the permission to construct, operate and maintain the new bridge, subject to the covenants, terms, provisoes, conditions and reservations hereinafter set forth and contained and to pay to Quebec, the said sum of SIX HUNDRED AND FIFTY THOUSAND DOLLARS (\$650,000) in the manner hereinafter set forth."

Article 3

For the purposes of this AGREEMENT, but subject to clause 4, the new bridge shall be constructed of two reinforced concrete beams with a reinforced deck slab containing one sidewalk, two side curbs, two interior curbs, two handrails, for an overall width of 69 feet and 7½ inches and two clear roadway widths of 28 feet separated by a 6 foot median. The said

reinforced concrete beams shall both be supported on two rows of interior reinforced concrete columns and caps located parallel with the Canal centreline and at a skew angle of 42° 25' with the bridge centreline, allowing 150 feet (measured on the bridge centreline) horizontal navigation Canal clearance with a minimum of 29 feet vertical clearance over the normal Canal operating level of 85.15 feet (Canadian Geodetic). The ends of the new bridge shall be supported by reinforced concrete end abutments, facing normal to the bridge centreline. The overall length of the new bridge as measured from face to face of the end abutments shall be 342 feet and there shall be a fill approach ramp at both ends. It shall be designed for HS25 loading and its centreline shall be located, as measured along the Canal centreline, a distance of 255.51 feet, more or less, above the upper gates of Lock No. 7 of the Chambly Canal. The alignment centreline of the new bridge shall coincide with the existing centreline of the Pont Yule Bridge over the Richelieu River and, proceeding west, will pass over lands owned by Canada, over the waters of the Chambly Canal, over other lands owned by Canada and shall end up on the west side as the centreline of Perigny Boulevard in the said City of Chambly.

Article 15

"(1) Canada shall pay to Quebec the sum of SIX HUNDRED AND FIFTY THOUSAND DOLLARS (\$650,000.00) by way of a contribution towards the cost to Quebec of the new bridge. Subject to subclauses (2) and (3) payment of the said contribution will be made to Quebec in the following instalments:

- (a) The sum of THREE HUNDRED AND TWENTY-FIVE THOUSAND DOLLARS (\$325,000.00) upon completion by Quebec of the work of construction of FIFTY PER CENT (50%) of the new bridge, exclusive of the fill approaches.
- (b) The sum of ONE HUNDRED AND SIXTY-TWO THOUSAND FIVE HUNDRED DOLLARS (\$162,500.00) upon completion by Quebec of the work of

construction of SEVENTY-FIVE PER CENT (75%) of the new bridge, exclusive of the fill approaches.

- (c) The sum of ONE HUNDRED AND SIXTY-TWO THOUSAND FIVE HUNDRED DOLLARS (\$162,500.00) upon completion by Quebec of ONE HUNDRED PER CENT (100%) of the work of construction of the new bridge and of all other work to be undertaken and completed by Quebec pursuant to this AGREEMENT, including the fill approaches.

PROVIDED, however, that the payments reserved to Quebec in subparagraphs (a), (b) and (c) above will be made only on the written certificate of the Director General, Parks Canada, that Quebec has performed the work of construction and erection of the new bridge as provided for in each subparagraph (a), (b) and (c) above to his entire satisfaction and in accordance with the terms, conditions and provisos of this AGREEMENT contained, and the said, certificate of the Director General, Parks Canada, shall be a condition precedent to the right of Quebec to receive the payments reserved to Quebec under subparagraphs (a), (b) and (c) above.

(2) With respect to the payment to be made by Canada to Quebec pursuant to subparagraph (c) of subclause (1), if Quebec experiences justifiable delay in cleaning up minor items and provided that 95% of the work is completed and the new bridge is open to traffic, Canada may pay to Quebec an interim payment of up to 80% of the amount of \$162,500.00 remaining to be paid.

(3) Notwithstanding subparagraph (a) of subclause (1), if Canada requires for budgetary purposes, Canada may pay to Quebec in any fiscal year any percentage up to 50% of the amount of contribution payable by Canada hereunder, providing that an equivalent percentage of the work on the new bridge has been completed."

Whereas the Minister of Transport reports as follows:

That under section 8 of the National Transportation Act, the Governor in Council may appoint a commissioner pro hac vice in case of the illness, absence or inability to act of any member of the Canadian Transport Commission;

That the Telecommunication Committee of the Canadian Transport Commission has for consideration at this time an application of Bell Canada, dated May 30, 1975, for permission to increase its rates. The said application is in two phases. The first one seeks to obtain, on an urgent interim basis, certain rate revisions intended to be implemented on August 1, 1975; it also recommends the implementation of a new system of counting total telephones for purposes of exchange rate groupings. The second phase of the application seeks approval of further rate revisions to be filed on or before June 30, 1975, for implementation on October 1, 1975;

That with a view to hearing the said application, of which the interim phase has been set down for separate hearings on July 3 and 7 next and the second phase, which will cover the whole of the application on its merits and will be heard at a later date not yet determined, it is desirable that the hearing panel for this purpose be made up of three members, one of whom should preferably be a lawyer;

That there are at the moment two vacancies at the level of commissioners and that a third commissioner is now on leave until next September when his resignation becomes effective;

That one of the three commissioners regularly assigned to the Telecommunication Committee of the Commission is unable to act in this matter, the said commissioner being required to hear another case in British Columbia beginning July 9 next;

That the Vice-president of the Commission is also unable to act in respect of the said application owing to the current activities of the Review Committee which he presides and of the decisions pending on various applications in the field of rail and air transport; and

That Mr. Gilbert W. Nadeau, Sr. Counsel and member of the legal services of the Commission, has the necessary qualifications and experience in this matter to act as commissioner pro hac vice.

A ces causes, sur avis conforme du ministre des Transports et en vertu de l'article 8 de la Loi nationale sur les transports, il plaît à Son Excellence le Gouverneur général en conseil de nommer par les présentes Me Gilbert W.
